PENINSULA

OUR STORY

Peninsula College is proud to celebrate over two decades of tertiary education excellence.

Staying true to our motto -
Your Employability...Our Priority

Peninsula College's faculty of academicians are here to equip our students with in-depth subject knowledge and also hands-on industrial experience.

At Peninsula College, we offer programmes ranging from certificates, diplomas, degrees and master's across various majors such as logistics management, business studies, accountancy, computer science, e-business technology and travel and tourism.

Our core principles emphasise our students as capable individuals who are nurtured for the betterment of self, surroundings and society. Beyond classroom learning, our students are encouraged to organise activities and events that add value and contribute back to the community.

Our academic partners, the University of Plymouth and University of Gloucestershire, UK provide our students access to learning and ideas from a global perspective. Peninsula College is steadfast in our mission of providing a far-reaching and holistic learning environment.

Headquartered in Batu Kawan, Penang, Peninsula College's educational infrastructure is designed with the campus-in-industry model, whereby having a physical presence in an industrial park puts us in a unique position to bridge the gap between graduate skills and industry needs via academia-industry collaboration. Our other 2 campuses, The Lighthouse Campus in Shah Alam and The City Campus in Klang are also designed to encourage learning in a real-world corporate environment.

Thank you for your interest in studying at Peninsula College, you are about to take the next step in a journey that will lead to employment in an ever changing world. Using vibrant, innovative facilities, and teaching staff who are both academically qualified and have a deep understanding of industry's needs, we aim to educate graduates who will become future leaders.

Through strong links with the industry, it is our aim to produce graduates who are highly employable and able to secure above average salaries when they join the working world.

Work-study schemes and job placement are important features of how we help our students develop the confidence and skills needed in the rapidly changing world today.

Through our University partners we are able to provide high quality degree level UK education in a Malaysian setting.

Studying with Peninsula College will transform you; we will help you develop and succeed. I look forward to welcoming you as a student at our College."

PENINSULA COLLEGE TEAM

Professor Dr. Ian Pashby
Group President

Tung has dedicated 38 years of service under the Ministry of Higher Education holding different positions, with his last as the Divisional Director of Industrial Liaison and Employability. This role primarily involved enhancing academia-industry collaboration and ensuring employability of graduates.

He graduated with the Best Student award in his cohort, a 1st Class Honours in Engineering (U.K) and MSc in Industrial Education and Technology (U.S.A). Across his career, he has been actively involved in building Technical and Vocational Education and Training (TVET) and has participated as a speaker and panelist in many regional forums. Among them are Colombo Plan Staff College, SEAMEO VOCTECH, and GOTEVOT, Saudi Arabia programs and Australian education Forums.

Beyond his profession, Tung contributes back to the community in his capacity as a Professional Technologist, Asean Engineering Technologist, Assessor for Professional Technologist and as the Deputy President of Technological Association Malaysia (TAM).

Tung's experiences and leadership have contributed to helping many organisations achieve higher effectiveness and productivity in the education industry.

Ts. Tung Chee Kuan K.M.N

TOP REASONS TO STUDY AT THE **SHIP CAMPUS** IN MALAYSIA

Moving out of home for the first time to study in a faraway land can be challenging, but it can also be one of the most rewarding experience in your life.

Studying in Malaysia is a great way to live among many cultures that will help sharpen your people skills, as well as prepare you for an increasingly globalised world.

Affordable

Reasonable cost of living makes it easy on students' pockets.

Good Climate

Those who shy away from the cold and rainy weather will love Malaysia's year-round warm, sunny climate.

Cultural Diversity

Malaysia's multiracial society is a melting pot of culture, perfect for a holistic university experience.

Get Out Of Your Comfort Zone

International students studying in Malaysia are allowed to work part-time for up to 20 hours per week.

No Language Barriers

Malaysia conducts lectures in English. Its multilingual society also makes it easy to get around in daily life.

Safety

Malaysia is one of the safest and economically stable countries in the world with a relatively low crime rate.

Foodies' Paradise

With many cultures thriving together in Malaysia, this country is every foodie's heaven with a great variety of cuisines.
